PETITION TO REVIVE AN UNINTENTIONALLY  
ABANDONED APPLICATION UNDER 37 C.F.R. §1.137(b)

This Petition is submitted to revive the above-identified application under 37 C.F.R. §1.137(b).

Background

On April 22, 2002, the United States Patent and Trademark Office ("PTO") issued a Final Office Action in connection with the above-identified application. On September 23, 2002, applicants filed an Amendment in Response to April 22, 2002 Final Office Action and a Request for a Two-Month Extension of Time (September 22, 2002 being a Sunday). On October 22, 2002, applicants filed a Notice of Appeal From the Examiner's Decision to the Board of Patent Appeals and Interferences by first class mail, including a Certificate of Mailing dated October 22, 2002. The Notice of Appeal also included a request for an additional one-month extension of time for filing the

Notice, as well as a check for \$420.00, which included the then \$160.00 filing fee and \$260.00 extension fee. The Notice of Appeal and enclosed check were received by the U.S. Patent Office on October 29, 2002, as evidenced by the stamped returned itemized postcard, a copy of which is annexed hereto as **Exhibit A**.

Also, on October 29, 2002, the PTO issued an Advisory Action in connection with this application. The Advisory Action stated that the Amendment filed on "September 30, 2002" (which applicants understand to be the Amendment filed on September 23, 2002) would not be entered because it allegedly raised new issues that would require further consideration and search.

On December 13, 2002 (i.e. within two months of the filing date of the October 22, 2002 Notice of Appeal) applicants filed a Request for Continued Examination (RCE) along with a Preliminary Communication, a check for \$370.00 and an Express Mail Certificate of Mailing dated December 13, 2002. Copies of these papers are annexed hereto as **Exhibit B**. In the December 13, 2002 RCE, applicants requested that the previously unentered Amendment be considered. The RCE and accompanying papers were deemed as received by the PTO on December 13, 2002, as evidenced by the copy of the stamped returned itemized postcard annexed hereto as **Exhibit C**.

On June 30, 2003, the PTO issued a communication entitled "Communication Re: Appeal". A copy of this Communication is annexed hereto as **Exhibit D**. The June 30, 2003 Communication states that the appeal in this application is "dismissed" because "the statutory fee for filing the brief as required under 37 C.F.R. §1.17(c) was not timely submitted and the period for obtaining an extension of time to file the brief

under 37 C.F.R. §1.136 has expired." The June 30, 2003 Communication also states that "[b]ecause of the dismissal of the appeal, this application [] is abandoned because there are no allowed claims."

The June 30, 2003 Communication was received by a docket clerk at the undersigned's firm and entered into the firm's docketing system. However, no prompt for taking further action regarding the Communication was entered into the firm's docketing system, contrary to the firm's established operating procedures. As evidence of this docketing omission, a copy of the docketing record for this application is annexed hereto as **Exhibit E**. On page 3 of this record, entitled "Patent Information Print", appears the following: "Notice of Abandonment" beside "Action"; and "30JE2003" beside "Taken Dt." However, beside "Act Due Date", no entry appears. In addition, the undersigned was not made aware of the existence of the June 30, 2003 Communication or the abandoned status of this application until November, 2003, as detailed below.

On November 11, 2003, Dr. Muriel Liberto, then of the undersigned's office, contacted Examiner Michael Pak (the Examiner assigned to this application) to inquire as to the status of the subject application. On that date, Examiner Pak informed Dr. Liberto that this application was abandoned. Dr. Liberto subsequently informed the undersigned of this fact, which was the first time the undersigned became aware that the subject application had become abandoned.

On November 21, 2003, upon Dr. Liberto's request, Examiner Pak provided a copy of the June 30, 2003 Communication Re: Appeal to the undersigned's office.

Applicants: Du... Bartsch et al.

Filed: June 3, 1996  
Page 4

Work on this Petition was performed between November 2003 and the date of this Petition by the undersigned and Dr. Liberto prior to her departure from the firm in September, 2004.

Applicants maintain that the June 30, 2003 Communication Re: Appeal was issued in error, since applicants timely filed an RCE which was received by the PTO. As more than two months have passed since the date on which the June 30, 2003 Communication was issued, this Petition to Revive is submitted instead of a Petition to Withdraw Holding of Abandonment despite applicants' position that the June 30, 2003 Communication was issued in error.

**Petition to Revive**

Applicants hereby petition to revive the subject application under 37 C.F.R. §1.137(b) as unintentionally abandoned. A petition under 37 C.F.R. §1.137(b) must be accompanied by:

- (1) the required reply, unless it has been previously filed;
- (2) the petition fee set forth in 37 C.F.R. §1.17(m);
- (3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to this paragraph was unintentional; and
- (4) any terminal disclaimer (and fee set forth in §120(d)) required pursuant to 37 C.F.R. §1.137(d) for a utility application filed before June 8, 1995.

**(1) Required Reply Under 37 C.F.R. §1.137(b) (1)**

As stated above, applicants' December 13, 2002 RCE was received by the PTO, and copies of the RCE papers are annexed

Applicants: Du... Bartsch et al.  
Serial No.: 08/656,811  
Filed: June 3, 1996  
Page 5

hereto as **Exhibit B**. Accordingly, no further reply is required.

(2) Petition Fee Required Under 37 C.F.R. §1.137(b) (2)

The required fee for filing a Petition under 37 C.F.R. §1.137(b) as set forth in 37 C.F.R. §1.17(m) is SIX HUNDRED EIGHTY FIVE DOLLARS (\$685.00) for a small entity, and applicants enclose a check for this amount. Applicants have previously established small entity status.

(3) Statement that the Entire Delay in Filing the Required Reply was Unintentional Under 37 C.F.R. §1.137(b) (3)

Applicants state that the entire delay in filing the required reply from the due date for the reply until the filing of this petition pursuant to 37 C.F.R. §1.137(b) was unintentional. The facts relating to this statement are set forth above.

(4) Terminal Disclaimer Under 37 C.F.R. §1.137(b) (4)

Because the subject application was filed on June 3, 1996, which is after June 8, 1995, 37 C.F.R. §1.137(c) does not require that a terminal disclaimer be filed.

In view of the foregoing, applicants earnestly solicit revival of the subject application.

No fee, other than the enclosed \$685.00 petition fee, is deemed necessary in connection with the filing of this Petition. However, if any other fee is required, authorization is hereby given to charge the amount of such fee to Deposit Account No. 03-3125.

PRELIMINARY COMMUNICATION

This Preliminary Communication is submitted in order to address certain issues raised in an October 29, 2002 Advisory Action in connection with the above-identified application. On October 22, 2002, applicants submitted a Notice of Appeal. Accordingly, an Appeal Brief is due December 22, 2002. In lieu of filing an Appeal Brief, applicants are filing Request for Continued Examination ("RCE") papers herewith.

REMARKS

In the October 29, 2002 Advisory Action, the Examiner stated that applicants' September 23, 2002 Amendment was not entered because the Amendment allegedly raises new issues that require further search. Applicants hereby request that their September 23, 2002 Amendment be entered in connection with the Request for Continued Examination filed herewith. In addition, applicants make the following remarks to underscore their position with respect to the Examiner's rejection of claims 15, 18-20, and 22, made in the April 22, 2002 Final Office Action.

Applicants: [redacted] Bartsch et al  
Serial No.: 08/656,811  
Filed: June 3, 1996  
Page 2

Applicants understand the Examiner's rejection of claims 15, 18-20, and 22 under 35 U.S.C. §112, first paragraph, as stated in the Office Action, to be based upon an alleged "lack of [a] nexus between invertebrate and vertebrate model[s] of long term-memory defect." The instant claims do not recite the term "defect" and instead are directed to "enhancing long-term memory in a subject."

Applicants point out that a nexus between invertebrate and vertebrate models of long-term memory is the protein CREB1, which is required for long-term memory in both *Aplysia* and mammals (see, e.g., page 22, lines 33-34 and following on page 23, lines 1-2 of the specification). The instant specification demonstrates that inhibiting CREB2 promotes long-term facilitation in the *Aplysia* model. Given the highly conserved roles of the CREB proteins in the biochemical networks regulating memory (see, e.g., page 20, lines 7-34 and following on page 21, lines 1-11 of the specification), the specification provides a reasonable expectation of success that inhibitors of CREB2 will also enhance long-term memory in mammals.

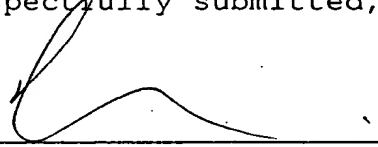

In view of these remarks, and the amendments made in their September 23, 2002 Amendment, applicants maintain that the instant claims are in condition for allowance, and respectfully request that allowance be granted.

Applicants: [redacted] Bartsch et al  
Serial No.: 08/656,811  
Filed: June 3, 1996

No fee, in addition to the \$370.00 continued examination fee, is deemed necessary in connection with the filing of this Preliminary Communication. However, if any additional fee is required, authorization is hereby given to charge the amount of such fee to Deposit Account No. 03-3125.

If a telephone interview would be of assistance in advancing prosecution of the subject application, applicants' undersigned attorneys invite the Examiner to telephone them at the number provided below.
